

Congestion Charging

The Western Extension of the Congestion Charging comes into operation from 19th February 2007. The charging hours within the zone are from 7.00am - 6.00pm and apply to Monday to Friday only. To help you with this we have appointments available outside of these hours. We have late nights on Wednesday and Thursday until 7pm and we have appointments from 10.00am until 6.00pm on Saturday.

We are the last major road at the western outer limit of the Congestion Charging zone. The Kensington High Street end of Earls Court Road is within the charging zone and south from Pembroke Road is outside the charging zone. So, if you are approaching from the West and wish to avoid the Congestion Charging zone don't go further than Warwick Gardens or Pembroke Road. For details see Transport for London web site: www.cclondon.com
